How You Can

Help

Buckeye Hills Resource Conservation and Development (RC&D) Council has established a restricted endowment fund, *Natural Resources Conservation and Development Fund* with Marietta Community Foundation. This fund will enlarge the Council's ability to expand its services to needy beneficiaries. This restricted fund also allows the Council to set achievable program goals and contribution levels.

The fund provides an opportunity for interested parties to make grants and gifts to further the mission of the Buckeye Hills RC & D Council. The council established the fund with an initial donation of \$5,000. To continue to be eligible for monies available from private foundations, it is critical to have local interest and activity. The challenge for each county within the Buckeye Hills RC & D area is to continue to strive toward our original goal of \$50,000.
